REMARKS

Reconsideration of this application, as amended, is respectfully requested.

Applicants submitted an Amendment and Response in the above referenced patent application on July 27, 2006.

Martha Gammill, one of Applicants' representatives, received a phone call from Examiner Sue Liu in which the Examiner indicated that claims 10-12 were missing from the listing of claims in the July 27th response.

Included in this Supplemental Response is another listing of the claims, which shows the status of all the claims in this application, including claims 10-12. These claims were inadvertently left out of the listing of claims in Applicants' previous response. Applicants' representatives appreciate the Examiner bringing this to their attention so it could be corrected.

No new matter has been introduced with this amendment, and its entry is respectfully requested.

It is respectfully submitted that the claims have been put in condition for allowance. Notification to this affect is earnestly solicited. The Examiner is encouraged to contact the Applicants' undersigned attorney to discuss this matter if any questions should arise upon further examination of the pending claims.

Respectfully submitted,

Date: August 18, 2006
